Lotions

Use these recipes with natural oils and vitamins to moisturize your dry skin.

Homemade Lotion Recipe for Dry Skin

Homemade lotion recipe for a body lotion that's perfect for dry skin.

Ingredients

- 3/4 cup of almond oil
- 1/3 cup of coconut oil or cocoa butter
- 1 teaspoon lanolin
- 1/2 oz grated beeswax
- 2/3 cup rosewater
- 1/3 cup aloe vera gel
- 1 to 2 drops rose oil
- 1 vitamin E capsule

Melt almond oil, coconut oil, lanolin and beeswax over low heat. Mix well and let cool.

Mix rosewater, aloe vera gel and rose oil. Add the contents of the vitamin E capsule. Whip this mixture into the beeswax mixture until well blended. Store in a jar with a tight lid.

Aloe Vera Lotion

- 1 cup aloe vera gel
- 1 teaspoon lanolin
- 1 teaspoon Vitamin E oil
- 1/3 cup coconut oil
- 1/2 to 3/4 ounce beeswax
- 3/4 cup almond oil
- 1 1/2 teaspoons essential oil

Use a blender to mix the aloe vera gel, lanolin, & vitamin E oil. Microwave coconut oil & beeswax in a glass container on high 30 seconds, and stir. Repeat heating in 10-second blocks until fully melted. Stir in almond oil, reheating if necessary. Run blender or processor at low to medium speed, then pour in melted oils in thin stream. As the oil is blended in, the cream will turn white and blender's motor will start to grind. As soon as melted oils are added and you've achieved mayonnaise-like consistency, stop the blender, add essential oil and pulse-blend. Do not over blend. Transfer cream to glass jars while still warm - the lotion will thicken quickly.
